Acknowledgement

The Board of Education Affairs (BEA) of the American Psychological Association (APA) has awarded The BEA Award in Support of Conferences and Workshops in Graduate and Postgraduate Education and Training in Psychology to our Conference. Receipt of the award was based on a competitive process, and the Planning Committee’s application was required to demonstrate that it would meet the intention that BEA set for awardees: “to enhance the quality of training for faculty, supervisors, and trainers at the graduate and postgraduate level.” The Planning Committee chose to use the award to cover registration fees or a stipend for randomly selected Training Directors, Residents and Interns without facility support. In addition, the award is being used to help offset the cost of the annual dinner for Residents and Interns with the APA President, an event which is considered an important part of the professional development of our psychologists of the future! Please join the Planning Committee in expressing our thanks and appreciation to the APA and to BEA for this recognition of the importance that VA Psychology places on excellence in training.

For more information about this award, please visit: http://www.apa.org/about/awards/block-gradpostdoc.aspx
